

## Moah Madsen

Moah Madsen discovered her love for acting at the age of 13, when she joined a local theatre group. What began as a curiosity quickly grew into a lasting passion, which was further solidified during a summer course in Los Angeles at the School of Creative and Performing Arts at the age of 16.

At 19, she moved to London to pursue her career, immersing herself in one of the world's most dynamic acting scenes. Just two years later, she landed her first television role at 21 in the mega-hit *Vikings* (2020), marking a significant step forward in her professional journey. During her years in London, Madsen has worked closely with some of the UK's most influential casting directors, building strong and lasting professional relationships.

She made her Swedish debut in the acclaimed Netflix dark comedy-drama *Diary of a Ditched Girl* (2025). Madsen was praised for her portrayal of Adina, and critics argued that the dynamic between the sisters Adina and Amanda is one of the show's greatest strengths.

With an international background and a deep-rooted dedication to her craft, Madsen continues to establish herself across both British and Scandinavian screens. Her upcoming projects include the SkyShowtime crime series *National Homocide Unit (Riksmord)* and season 3 of TV4's crime drama *Sanningen*, where she takes on a prominent role.
